

STOP CLIMATE CHANGE

Erasmusproject 2018-2020

We have to save planet earth!!

Let's start with ourselves first !!

THE LIFECYCLE OF A PLASTIC BOTTLE

TEDEd

In order to save the world we can start with

- Clean up our garbage!
- Correctly sort our garbage!
- Make groups of approximately 4 students.
You get a worksheet with two Dutch recipes. Sort out the ingrediënts and the needed materials in the right waste bin.

Reduce, Reuse, Recycle

- With you're group
 - Think of 3 ways to reduce plastic bottles
 - Think of 3 ways to reuse a plastic bottle
 - Think of 3 objects you can make of old plastic bottles

Reduce

recycle

Anyone with ideas to reduce, reuse or recycle
garbage at home or at school?
